## **RESEARCH AND OTHER EXTERNAL SUPPORTED:**

**Health Resources and Services Administration (HRSA)** Advanced Nursing Education Workforce for Healthy Delta Moms and Babies, \$2,799,996, (7/1/2019-6/30/2023), Co-principal Investigator.

This project will support new and innovative academic-practice partnerships to educate and support nurse practitioners and certified nurse midwives who will practice in rural and underserved areas.

**Mississippi State Department of Health, Family Planning** \$40,000, (2018), Principal Investigator.

Provide Title X family planning services at the Lanier High Teen Wellness Clinic.

**Health Resources and Services Administration (HRSA)** Comprehensive and Behavioral Health in Adolescents Model, \$1,302,581, (2017-2020), Principal Investigator. Through the Comprehensive and Behavioral Health in Adolescents Model (CBHAM), the University of Mississippi Medical Center School of Nursing (UMMC SON) will establish an Interprofessional Collaborative Practice (IPCP) that supports the unique behavioral health needs of students at Lanier High Teen Wellness Clinic (LHTWC). The model builds on the Health Disparities Collaborative Model developed by the Institute for Health Care Improvement (IHI), and it empowers both students and faculty to integrate interprofessional (IP) and collaborative models of behavioral health services into routine nurse-led primary care.

**LinkedUp: Connecting Teens to Birth Control Before College** K. Fouquier (PI) 2017-2019

Teen First Mississippi is partnering with the Lanier High Teen Wellness Clinic to develop, implement and evaluate the LinkedUp program which aims to establish reliable and consistent systems for linking older teens (ages 17-19) to youth-friendly sexual and reproductive health services as they transition from high school to college and into the adult health care system.

<b>Mississippi Teens First</b> \$6000	K. Fouquier	2017
<b>Mississippi Junior League</b> \$5000	K. Fouquier	2016

**Women’s Foundation of Mississippi** Lanier High Teen Advocacy Program (LH-TAP), \$50,000, (2016), Principal Investigator.

The LH-TAP is a collaborative project with the UMC SON’s Teen Wellness Clinic initiatives. Students from Lanier High School will be recruited to serve on the LH-TAP’s advisory committee and will participate in the planning, implementation, and evaluation of a multidimensional peer-educator program that incorporates a lifespan perspective and provides an evidence-based curriculum designed to build communication skills, delay the initiation of sexual intercourse, and promote condom use among sexually active participants.

**Mississippi State Department of Adolescent Health** School-Based Health Clinic Quality Improvement, \$13.600, (2016), Principal Investigator.

Mississippi will work to improve workflows and quality of care at a high school-based health clinic. Mississippi will also work to increase insurance coverage literacy and coverage by doing targeted outreach and offering application support to those young people who may be eligible for the Medicaid Family Planning Waiver.

**University of Mississippi Medical Center Faculty Scholarship Exchange Award** the Heidegger Institute, \$4,567, (2015), Principal Investigator. The Institute for Heideggerian Hermeneutical Methodologies (IHMH) and the Institute for Hermeneutic Phenomenology (IHP), the two forums offered each year, feature internationally recognized faculty experts in nursing education research. The institutes prepare educators by creating learning environments that advance the science of nursing education and research, along with promoting the pedagogical expertise of faculty.

**March of Dimes** Midtown Teen Wellness Clinic, \$1,000, (2013-2014), Principal Investigator. Development and implementation of a multidimensional program that incorporates a lifespan perspective with two March of Dimes models, Teen2Teen® and Becoming a Mom®.

**UMMC SON Intramural Grant** Midtown Teen Wellness Clinic, \$10,000, (2013-2014), Principal Investigator.

The Midtown Teen Wellness Clinic (MTWC) is an innovative, nurse-run collaborative practice that provides primary and preventive health care to medically underserved inner-city youth in the metro Jackson area. The goal of the MTWC is to improve the delivery of services in a youth-centered environment especially in the areas of contraceptive counseling, prenatal care, and STI testing, treatment, and prevention counseling and obesity.

**Women’s Fund of Mississippi** Midtown Teen Wellness Clinic, \$41, 236, (2012-2013), Co-Principal Investigator.
